# Massive Statewide Building Program Revealed By Nunn

## Plans Include New Cottages At Barkley

Gov. Louie B. Nunn revealed today a detailed construction schedule for a massive, statewide, \$25 million building program that will provide 17 new institutions and facilities within the next two years "to meet the expanding needs of a growing Commonwealth."

For the first time since 1956, a major state building program will be funded on what the Governor called a "pay-as-you-go" basis. By limiting construction to what we are able to afford from current revenues," he said, "we can respond to the needs of the people without mortgaging their future."

As outlined by the Governor at a special press conference here, the program, provides "painfully overdue" facilities for the mentally retarded, four new institutions for children assigned to the Department of

## Seen & Heard Around Murray

Bowled the other night and did not break a hundred. At least this was better than our game of billiards at the Crazy Horse Billiard place. We have never played billiards much, but we would have bowled better.

Bowling is like anything else, you have to stay with it to do any good.

Over to Kaintuck Territory to view the musical competition. We saw Jimmy Hughes and his aggregation the "Soul Syndicate". You remember Jimmy. A nice kid.

Whole bunch of people there, a number of weirdos, hippy type people, but also a lot of nice folks. Unusual day and enjoyable.

Saw several Murays taking in the sights at Kaintuck Territory.

Stopped at Bob's Smorgasbord on the way back for a fine meal.

Gets dark more quickly now with real time going again.

Ralph McCuiston aboard a big grader out on Melrose. Says he plans to pave this street today if he can get the base ready the way he wants it.

Perambulations should be about right by now. A pretty good frost this morning probably fixed them up.

A big rose bloom on our climb- (Continued on Page Six)

## Louis Starks Is Injured Last Week In Helicopter Crash

Louis G. Starks, brother of Roy Starks of Murray, is reported to be recovering from a helicopter crash Tuesday of last week.

Starks is a civilian flight instructor for Southern Aviation, teaching primary instruction to army personnel at Mineral Wells, Texas.

Tommy Starks, his son, went out to see his father and said that his main injury was to his back, caused by the hard landing after the crash.

Mr. Starks was about 500 feet in the air with a student when another helicopter piloted by a student on his first solo flight came too close to him cutting the tail from the helicopter. The student's helicopter crashed killing the student pilot.

Mr. Starks was able to land his damaged helicopter, although it came down hard, Tommy said.

Three years ago, Mr. Starks was involved in another crash when a student came in too close, cutting the bottom from his helicopter. In that crash he received burns on his hands and face.

Tommy said that other instructors at the base were high in the commendation of Mr. Starks for the ability he showed.

NEW YORK (UPI)—Don't waste your time or his, Ed Charles knows the story of Cinderella.

He read it as a kid. He remembers how the whole deal came apart at midnight, with Cinderella's exquisite Norman Norell gown turning back into rags again, the plush custom-built coach depreciating into a \$1.35 pumpkin and tower control announcing an indefinite delay in all departures due to a sudden change in atmospheric conditions.

Pretty much the same thing happened to Ed Charles the other day.

## Life Is Beautiful

Life was really beautiful for him. It was so beautiful he could hardly believe it. Here he was a member of the world champions after putting in 18

years at his trade, Ed Charles of the world champion New York Mets. It even made him feel good to say it.

He was going to enjoy it all to the hilt. Charles went back home to Kansas City and found a welcoming committee and a group of admirers on hand to meet him. That wasn't hard to take either. He could remember a lot of previous trips home. The only welcoming committee he ever ran into was the guy handling all the luggage in the baggage claim area.

This was much better. Much more like it.

But last Friday that plush custom-built coach turned into a \$1.35 pumpkin for Ed Charles.

Suddenly it was midnight for him and the whole story was wrapped up in this one paragraph: "NEW YORK (UPI)—Ed Charles, 36-year-old third baseman who scored the winning run for the world champion New York Mets in the second game of the World Series, was given his unconditional release today by the Mets and offered a job in the club's front office."

Wasn't Exactly Shocked. Ed Charles wasn't exactly shocked by his release although it had been reported he was expecting it.

"It all happened so suddenly," Ed Charles says. "It happened before the glamour and the beauty of the World Series died down. The only thing disturbing was that I hadn't really completed my celebration. Here I was up on Cloud 9 and cold realization brought me back down to earth again. I wouldn't even say this was something I wasn't entirely expecting but when it happens, well, you're never really ready for it."

Ed Charles might bear in mind one thing: Despite that midnight crisis, the story of Cinderella comes out all right.

## WILLIAMS ASSIGNED

NEW YORK (UPI)—Guard Sam Williams was assigned to the Milwaukee Bucks by National Basketball Association Commissioner Walter Kennedy Monday, ending a dispute between the Bucks and the Los Angeles Lakers over the playing rights to the two-year pro. Kennedy was asked by both clubs to arbitrate the dispute.

## ROOKIES PROMOTED

BOSTON (UPI)—Rookies Jerry Janeski, Ed Phillips, Bob Montgomery, Jack Curtis, Ben Ogilvie, Lynn McGlothen and Rogelio Moret were promoted to the Boston Red Sox' 40-man roster, it was announced Monday by General Manager Dock O'Connell.

# Hughes Out For Georgia

By United Press International

The 11th-ranked Georgia Bulldogs suffered a hard blow Monday while preparing for Saturday's showdown with third-ranked Tennessee.

The Bulldogs lost senior halfback and flanker Dennis Hughes indefinitely — probably for the season — with four cracked ribs and a punctured lung. Hughes was injured in the Kentucky game last weekend.

"If he makes it for the last game with (Georgia) Tech, he'll be lucky," said Coach Vince Dooley.

Tennessee, meanwhile, went through a short workout Monday, concentrating on its kicking game. End Ken Delong, sidelined with a bruised rib, is a doubtful starter for the contest between the two Southeastern Conference powers.

Two quarterbacks were sidelined and another hampered by injuries at Mississippi State as the Bulldogs got ready for Alabama. Quarterback Tommy Pharr, injured three weeks ago, ran through a light drill Monday, but quarterback Joe Reed was out with a leg injury and substitute quarterback David Smith had a sprained ankle.

Elsewhere, Mississippi counted defensive end Allen LeBlanc and defensive guard Jeff Horn out of Saturday's battle with Louisiana State. Horn has a knee injury and LeBlanc a pulled hamstring muscle.

Tight end Karl Weiss, who sprained an ankle two weeks ago, is a doubtful starter for Vanderbilt Saturday in the Tulane game. Alabama worked on kicking in an under-the-lights practice Monday night.

Kentucky Coach John Ray warned his team that West Virginia, whom the Wildcats meet next, is "the strongest running team of the season." Coach Bud Carson said Georgia Tech went through a "real fine" drill Monday night. "Both the offensive and defensive units looked real sharp," said Carson.

Coach Charlie McClendon indicated Louisiana State would be in good physical shape for the regionally televised encounter with Ole Miss. And Auburn Coach Shug Jordan was worried about the Florida offense, which he said "is more explosive than anybody we've faced."

# Dandridge A Fine Rookie Prospect

By United Press International

Bob Dandridge is a fine rookie prospect in the National Basketball Association whom people won't hear too much about.

Dandridge has the privilege of being a Milwaukee team-mate of Lew Alcindor, which is good for winning basketball games but not too beneficial if you're publicity conscious.

The 6-6 graduate of Norfolk State managed to take away the edge from Alcindor Sunday night as he scored 10 points in the final six minutes to wrap up a 119-99 victory for the Bucks over the Phoenix Suns.

Dandridge finished with 18 points overall, 10 less than Alcindor, and Milwaukee registered its fourth success in six outings.

In the only other game played, Wilt Chamberlain, Jerry West and Elgin Baylor combined for 97 points to carry the Los Angeles Lakers to a 129-125 triumph over the Chicago Bulls.

Milwaukee experienced early difficulty at Phoenix, leading by a single point, 51-50, at halftime. But the shooting of Dandridge and Alcindor in the final quarter turned the game into a rout.

Jim Fox led the Suns with 22 points and Dick Van Arsdale had 19. Art Harris, making his first appearance with Phoenix after being traded from Seattle Saturday night, had 16 points along with Connie Hawkins.

Chamberlain scored 37 points for Los Angeles, West had 36 and Baylor 24 to dominate the scoring. The only other Laker in double figures was Mel Counts with 10 points.

Bob Love scored 19 of his 23 points in the final quarter for Chicago when the Bulls fought back from an 18-point deficit. Jerry Sloan was high man for Chicago with 25 points and eight Bulls scored in double figures.

# Matt Haug Leads OVC In Passing

Murray's quarterback Matt Haug, who threw one touchdown pass in Saturday's 10-10 tie with East Tennessee, has taken over the passing lead in the Ohio Valley Conference.

Haug has completed 96 of 189 passes for 1,339 yards and 13 touchdowns this season. His 50.8 per cent completion average is behind the 52.3 per cent mark posted by Morehead's Bill Marston, who has led the league in passing most of the season.

Marston still is tops in total offense with 1,362 yard — 70 yards better than Haug.

Johnny Vance of Western Kentucky was named Offensive Player of the Week by the OVC commissioner's staff.

Vance, the Hilltopper quarterback, hit on 20 of 36 passes for 244 yards and two touchdowns and scored twice on runs of eight and 12 yards as his team defeated archrival Eastern Kentucky 27-26.

The Defensive Player of the Week is Murray's Mike Dungan. The junior defensive end had eight tackles and six assists in the East Tennessee game. He also blocked and recovered a punt, deflected two passes and nailed the passer for two losses.

Other statistical leaders include John High of Morehead, who leads in pass receiving with 36 catches for 606 yards and four TD's.

The rushing lead belongs to Tennessee Tech tailback Larry Schreiber, a Kentucky native, although Eastern Kentucky's Jim Brooks has narrowed the gap. Schreiber has 158 carries for 938 yards — a 5.9 average, while Brooks is averaging 5.2 yards on 121 carries for 630 yards.

The East Tennessee defenders are closing in on their own interception record of 26. They picked off five against Murray, running the total for the year to 24.

Other stars of weekend action included Middle Tennessee kicker Nares Choochua, who set a conference record in field goals with six for the year.

# Dancer's Image Hearing Opens

By United Press International

LEXINGTON, Ky. (UPI)—The Kentucky state Racing Commission has been asked to dismiss misconduct charges against the trainers of controversial 1968 Kentucky Derby winner Dancer's Image.

The commission Monday opened a hearing on the charges involving the post-race activities of trainer Louis C. Cavalaris and his assistant, Robert Barnard, both of Ontario, Canada.

Commission Chairman George Egger recessed the hearing indefinitely so the commission could review the dismissal motion entered by attorneys for the two.

Dancer's Image, owned by Boston millionaire Peter Fuller, was disqualified from the \$122,600 purse by stewards at Louisville's Churchill Downs after a chemical test disclosed the illegal pain-killing drug phenylbutazone in the urine of Dancer's Image.

The commission upheld the stewards' ruling after a three-week hearing in Louisville.

Attorneys for Fuller are currently appealing that decision in Kentucky courts.

Barnard was cited in June of 1968 with "participating in a scheme to place a foreign substance in the feed of Dancer's Image" two days after the discovery of the drug.

Cavalaris was cited for withholding information from the stewards' investigation.

Attorneys for the two trainers stated the two men had been suspended for 30 days by the Churchill Downs stewards and that the suspensions ended the matter of punishment.

## REPLACES ANDERSON

ANAHEIM, Calif. (UPI)—Fred Koenig, a 38-year-old organization man who has been a minor league manager for the last seven years, was named a coach by the California Angels Monday as a replacement for new Cincinnati Red Manager Sparky Anderson.

Koenig joins Rocky Bridges, Pete Reiser and Norm Sherry on Manager Lefty Phillips' staff.

## ALL-STAR DINNER

ST. LOUIS (UPI)—The National Hockey League's annual All-Star dinner will be held on Jan. 19, the night before the Eastern Stars meet the Western Stars in the 23rd glamour game, and will be open to the public for the first time.

Herve Filion is harness racing's world champion winning driver for a single season with 407 victories recorded in 1968.

Bobby Unser beat Mario Andretti for the U. S. Auto Club national championship in 1968 by a margin of 11 points in the closest finish in history.

# MSU's Dungan Gets Player Of Week, OVC

By United Press International

NASHVILLE (UPI)—Western Kentucky quarterback Johnny Vance became the first repeat winner Monday when he was named Ohio Valley Conference offensive player of the week for his play in the Hilltoppers' 27-26 win over Eastern Kentucky Saturday.

Murray defensive end Mike Dungan was honored as defensive player of the week for the making eight tackles and six assists in the Racers' 10-10 tie with OVC leader East Tennessee.

Dungan also blocked and recovered a punt and deflected two passes.

Vance hit 20 of 36 passes for 244 yards and two touchdowns and scored twice on runs of eight and 12 yards. He also picked up 42 yards rushing. His 20 completions broke an 18-year-old school record.

Morehead quarterback Bill Marston holds a slight edge over Murray quarterback Matt Haug in total offense, although Haug has the lead over Marston in passing. Marston has 1,362 total yards, 1,231 passing and 131 rushing. Haug has hit 96 of 189 passes for 1,339 yards.

Tennessee Tech tailback Larry Schreiber leads in rushing with 938 yards and a 5.9 yard average and shares the scoring lead with Austin Peay end Harold Roberts and Eastern Kentucky fullback Butch Evans with 30 points.

Morehead's John High has nailed 36 passes for 606 yards to lead the receivers. Middle Tennessee's Ron Taylor holds the punting lead with a 40.5 average.

East Tennessee leads in team defense, allowing only 220.1 yard per game while Morehead is the offense leader with 380.0 yards per contest.

# Dallas Offense Runs Wild In Fourth To Win 25-3

By United Press International

DALLAS (UPI)—Sophomore defensive end Larry Cole and some of his defensive mates had "a lot of fun" Monday night against the New York Giants, but the Dallas Cowboys offense spent a miserable three and one-half quarters before it could crack a smile.

The Cowboys finally overcame the stubborn Giants, 25-3, to remain alongside the Los Angeles Rams as the only undefeated teams in the National Football League, but the score was 3-3 at halftime and only 6-3 going into the final quarter.

The Dallas offense, which had been the most explosive in the league, sputtered and flamed out frequently and had to settle for 47, 35 and 15-yard field goals by Mike Clark against Pete Gogolak's 23-yarder that launched the Giants in front in the first period.

Then, and only then, did the NFL's leading quarterback, Craig Morton get the bugs out of the Cowboys' offensive machinery to hit Lance Rentzel on a 16-yard scoring toss and set up Calvin Hill's 40-yard

halfback scoring pass to Bobby Hayes.

Until then, it had been a night of glory for Cole, George Andrie and Jethro Pugh—who combined to spin Giants' quarterback Fran Tarkenton to the seat of his pants 10 times for 70 yards in losses, including once in the end zone for a fourth-quarter safety.

Tarkenton also suffered his first interception of the year—by Cowboy corner back Mel Renfro—leaving the NFL without a perfect record tosser since the Los Angeles Rams' Roman Gabriel had his string broken Sunday by the Chicago Bears.

## How to stop those salesmen

By Abigail Van Buren

DEAR ABBY: I wish you would print this so other housewives won't get stuck the way I did.

It began with a telephone call from a lady who said, "Congratulations! You have just won a free carpet cleaning! Don't move any furniture, our MEN will do everything. We will be out at 6:30 this evening to clean your carpet like new—with absolutely no cost or obligation to you."

Well, at 6:30 one man came with a vacuum cleaner and a shampoo attachment. He talked to me for two solid hours trying to sell me the vacuum cleaner. I told him I couldn't afford to buy anything, and meanwhile he didn't make one move to clean my carpet. I was home alone, and kept telling him I wasn't in the market to BUY anything, but he kept right on talking and trying to sell this thing, Abby, I finally got rid of him at ELEVEN o'clock, and I didn't get my carpet cleaned.

I was so nervous and angry by the time he left I could have screamed. Have you any suggestion besides a seven-foot watchdog and an unlisted telephone number to prevent such practices?

CAL. HOUSEWIFE

DEAR HOUSEWIFE: Yes. If anyone calls you to "congratulate" you on having "won" something, say thank you but I don't want anything for nothing. And don't let anyone in your home without first checking them out with the BETTER BUSINESS BUREAU.

DEAR ABBY: I love my husband and always will. He is an outstandingly handsome and charming man—the kind who could never belong to only one woman. I knew this when I married him 20 years ago.

Here is my problem: My neighbor tells me that my husband steps out. [I already knew that.] I have always considered myself an intelligent woman, but this neighbor says I am crazy—that my husband is making a "damned fool" out of me. Well, I know that he really loves me and he is not "in love" with any of these women whom he uses occasionally, so he is making "damned fools" out of THEM—not ME.

He has never asked me for a divorce, and he's never neglected me. He is an excellent provider, a wonderful father and I get as much loving from him as I want, so my question is, "WHO, in your opinion, is the 'damned fool'?"

SATISFIED

DEAR SATISFIED: Your neighbor.

DEAR ABBY: I'm too embarrassed to ask for a personal reply, but there must be other women who share my problem. Can you possibly answer in your column?

I have been a widow for over 10 years. I don't want another husband, but there are times when I feel that I would like the intimacies of marriage. [Know what I mean?] Is there some medicine I can take to quell such desires? If it's a prescription, forget it. I could never tell my doctor. [And for heaven's sake, DON'T use my name or town.] Sign me . . .

TOO OLD

DEAR TOO OLD: [Which is a misnomer if I ever saw one.] My medical authorities can recommend no "medicine" to solve your problem. No way of life has everything. Perhaps you should consider another husband.

DEAR ABBY: The bearded look which has caused such a furor in America lately came originally from England where I was born. When I was a small child, around 1909, I heard an elder statesman say that clean-shaven men looked like chamberpots!

And speaking of the dance: My grandmother told me that when the waltz swept the country the hue and cry was, "Oh, those nasty people, clinging close to one another while they dance!" Now the hue and cry is "What kind of dance is it when the partners don't even touch each other?" I'm glad I'm on the way out. Things are getting monotonous.

OLGA

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069.

## Miss Ann Herron Speaker At Meet Alpha Department

The Alpha Department of the Murray Woman's Club held its monthly luncheon meeting at the club house Saturday, October 25, at twelve noon.

Miss Ann Herron, assistant Director of Library at M.S.U., was guest speaker. She gave a warm and inspiring talk on "Jesse Stewart, Educator, Writer and Man." How through faith and determination, though born of poor illiterate parents he rose to be one of the foremost educators and writers. Most of his books are filled with the warm satisfaction and joy he derives from nature and the land on which he lives. The inspiration derived from watching the hills burst into bloom, watching the birds or following a brook.

An excerpt from his nineteenth book "The Year Of My Rebirth" described his mental images during his pre-conscious hours following his heart attack in Murray as he lay in the hospital. Miss Herron made his experiences so real all seemed to hear and feel them.

A short business session was held. Mrs. Robert N. Scott, chairman, reported on her attendance at the state convention. Reports were made by Mrs. Preston Jones, secretary and Mrs. Rolf E. King, treasurer.

Hostesses were Mesdames Harlan Hodges, G. C. Ashcraft, Donald Jones, Charles Hinds, Max Hurt, and Miss Mary Williams.

During the social hour refreshments were served by the hostesses, Mrs. John Resig and Mrs. A. L. Rhodes.

## Eighty Members Present At Murray High FHA Meeting

The Murray High School chapter of the Future Homemakers of America held its regular meeting on Thursday, October 23, at seven o'clock in the evening in the school auditorium.

Eighty members were present and the opening ritual was led by the president, Miss Susan Hale.

Mary Eva Wells gave an inspiring devotion on the theme, "Getting Involved." Mrs. Joe Emerson, Stanley dealer, talked to the members about selling the products as a money making project. The sale will end on November 6.

A formal initiation for new members was led by Susan Hale and Suzanne Hale. Nancy Mathis read a letter from State Cystic Fibrosis foundation thanking the club for the help in the recent drive. Miss Mathis expressed appreciation to the people of Murray for their help during the drive.

Erma Kendall gave several pointers and rules on proper parliamentary procedure.

Nancy Spann who represented the club as a member at large reported on the district FHA meeting at Lowes High School on September 13. She was assisted by Janet Budzko.

A film on degrees was shown by Nancy Mathis who urged each one to work on the degrees.

Also present for the meeting were Mrs. A. B. Crass and Mrs. Lucy Lilly, advisors, and Miss Sheri Hurd, student teacher.

Cannon appeared in Europe during the first half of the 14th century.

Frederick Law Olmstead designed New York's Central Park in the early 1860s.

Frozen, concentrated, freeze-dried, ready-to-serve . . . who had heard of these things twenty years ago? The trend seems to have been toward taking the cooking out of the kitchen. That's all well and good for a quick meal occasionally, but do you know that the cost of all this pre-cooking is one reason why supermarket bills are so high?

A recent government study revealed that marketing costs have risen over 130% in less than twenty years. That's one reason why I try to use pure, unprocessed food whenever I can. Believe me, buying unprocessed meat and dairy products to feed my family saves me money.

In addition, farm fresh unprocessed foods are higher in nutritional value and tastier. No matter how much they pre-cooked foods that good home cooking can never be matched. Besides, cooking isn't work, it's fun!

Here's one of my favorite meat loaf dishes that's inexpensive and easy to prepare. Try it. It's a real family pleaser!

## MEAT LOAF SPECIAL

1½ lbs. ground beef  
1 cup dry bread crumbs  
2 eggs, beaten  
1 cup small can tomato sauce  
1 onion, minced  
1 tbsp. chopped green pepper  
Seasonings to taste  
4 hard boiled eggs

Put the eggs on to boil, then cool. Mix other ingredients well. Mold into a loaf and place on greased baking pan. Make a dent through the center of the loaf. Peel and cool the hard cooked eggs and place end to end through the center of the loaf. Shape the loaf around the eggs. Bake at 350 degrees for one hour. Serve either hot or cold decorated with fresh green parsley.

## MEDIANS PLANNED

Plans to build continuous concrete median barriers on certain expressways in Kentucky to reduce head-on collisions were announced by Highway Commissioner Eugene Goss.

They are to be built on the Interstate 75 "death hill" area in Kenton County; on I-47 in Campbell County; and on Louisville's North-South Expressway and Shawnee Expressway, which is now under construction.

Goss said a key design feature of the barrier is the sloping lower face that lifts a vehicle striking it at flat angles, absorbing energy and providing an "uplift force" to overcome the rolling tendency of the vehicle.

## 1,000 MINE JOBS

Creation of some 1,000 jobs through the development of two coal-mining operations in economically depressed Martin County is foreseen by Governor Nunn. The Martin field will be geared to produce at least two million tons of coal a year for power companies in North Carolina.

About 700 persons with an annual payroll of some \$6 million will be employed in the mines, the governor said, and related developments should bring the job total to 1,000.

On another front, the Kentucky Conservation Council, meeting at Natural Bridge State Park, adopted a resolution to ban all surface-mining in Eastern Kentucky and said it would ask the governor to propose such a measure to the 1970 General Assembly.

The United States produced 52.6 per cent of the world's passenger cars in 1967.

## BUILDING PROGRAM

(Continued From Page 1)

Child Welfare, three schools designed for vocational and special education, separate facilities for the blind and the deaf, a major rehabilitation center for the handicapped, three additions to the state's burgeoning park system, two new State Police barracks and a diagnostic laboratory for animal diseases.

The Governor pointed out that \$24 million in health, education and assistance services were eliminated "in the face of fiscal chaos" in the closing months of the previous administration. "A realistic revenue structure and prudent management have enabled us to conquer this chaos," he said. "We have restored these services, expanded them where necessary and are now ready to provide the facilities that will assure their continuation."

"The fact that 80 per cent of the construction in this program is directed toward delivery of services for the development of our human resources is no accident," the Governor stated. "I indicated in submitting the budget for the first biennium of this administration that conscience would no longer permit us to turn away from the needs of the anguished and afflicted."

"Many of these projects were promised in that human document, I mean to deliver on those promises."

"In the past, when compared with other states, Kentucky has been rated near the bottom in most measurements of human progress," the Governor said.

"This construction program, which stimulates every area of Kentucky, will redeem our pledge to rebuild a shattered program of services to the needy."

"It will help to increase the capacity of our incomparable park system by 40 per cent in four years."

## WHAT I BELIEVE

### about YOU

## The Voters of the 5th District

(Trigg-Calloway)

MAX B. HURT

(1) I believe you will expect and demand that your Representative in Frankfort will "KNOW FOR SURE" what he is voting For or Against — and Why.

(2) I believe that, regardless of party affiliation, you are intelligent enough to make up your mind about your own vote; that you will not be pressured or "sweet-talked" by parades and caravans, etc.; and that you can get "the job done all by yourself" without meddling suggestions or prodding from OUTSIDE politicians from other places (including Paducah) who want to grind their axe on your rock.

(3) I believe you will take an honest hard look at the record of achievements by the party that has been in power most of the time; that you will earnestly try to decide, what is best for your county and your district, (not what is best for your party) and then courageously vote accordingly.

(4) You know in your own heart, as a free American citizen, that True DEMOCRACY means THE PRIVILEGE OF VOTING LIKE YOU PLEASE!

## THIS TIME YOU'VE GOT A CHOICE!

Should you Decide to take a Chance on Me, I will feel distinctly honored and humbly grateful.
